

PAPER HEARTS

Paper Hearts is the musical outlet of Stockholm-based Gustav Tranback. Gustav started his musical career as a nine-year-old playing the guitar. By the age of nineteen he left Sweden for the tempting beat of London to study the guitar on a higher level. It was at that time the idea of Paper Hearts started to grow.

A year and a half later, after already releasing a trilogy of singles and a 4 track EP, Paper Hearts new single *One Of Me* will be released on the 22nd of November! The track will also be featured on a double A-side 7" vinyl together with the exclusive song *Yesteryears*. *Yesteryears* will only be released on vinyl and will not be available anywhere else.

One Of Me is out digitally on **Itunes**, **Amazon** and **Spotify** et al. from the 22nd of November. *One Of Me / Yesteryears* 7" vinyl will only be released as a limited edition on the 22nd as well. Order your copy **Here!**
